

Welding machine **Ruris A5250MMA**

Device type	MMA inverter
Power supply	230
Frequency	50/60 Hz
Maximum absorbed power	9.5 kVA
Idle voltage	60V
Welding current adjustment	20-250A
Operating mode	60%
Electrode diameter	2.5 mm - 4 mm
Insulation class	H
Protection class	IP21S
Functions	Digital display, Arc Force, Hot Start, Anti-stick
Accessories	1.4m table tongs, 1.6m welding electrode pliers, brush/hammer, 3m power supply cord, brush/hammer, welding mask
Net weight	6.2 kg
